*** Foreign Ownership Limit

Article XII, Section 11 of the Constitution of the Republic of the Philippines (the "Constitution") provides in part:

"Sec. 11. No franchise, certificate, or any other form of authorization for the operation of a public utility shall be granted except to citizens of the Philippines or to corporations or associations organized under the laws of the Philippines, at least sixty per centum of whose capital is owned by such citizens xxx."

In the case of Wilson P. Gamboa vs. Finance Secretary Margarito B. Teves, et al (G.R. No. 176579) (the "Gamboa Case"), the Supreme Court of the Republic of the Philippines (the "Supreme Court") rendered a decision on June 28, 2011 (the "June 28, 2011 Decision"), the dispositive portion of which is quoted in part as follows:

"WHEREFORE, we PARTLY GRANT the petition and rule that the term "capital" in Section 11, Article XII of the 1987 Constitution refers only to shares of stock entitled to vote in the election of directors, and thus in the present case only to common shares, and not to the total outstanding capital stock (common and non-voting preferred shares) xxx."

Motions for reconsideration of the June 28, 2011 Decision were filed by several respondents in the Gamboa Case.

On October 9, 2012, the Supreme Court promulgated a Resolution, the dispositive portion of which is quoted below:

"WHEREFORE, we DENY the motions for reconsideration WITH FINALITY. No further pleadings shall be entertained."

Accordingly, the foreign equity restriction applicable to a public utility, such as PLDT, is 40% of the outstanding shares of stock entitled to vote in the election of directors. Applying this to PLDT, the basis for calculation of the 40% foreign ownership restriction is PLDT's outstanding shares of voting stocks (common stock and voting preferred stock), which are all entitled to vote for the election of directors and all other matters to be voted upon in any meeting of stockholders of PLDT. Using the aforesaid basis for calculation, the foreign ownership level of PLDT was 32.67% of the 366,055,775 total outstanding shares of voting common and preferred stocks as of September 30, 2013.
