Article XII, Section 11 of the Constitution of the Republic of the Philippines (the "Constitution") provides in part:

"Sec. 11. No franchise, certificate, or any other form of authorization for the operation of a public utility shall be granted except to citizens of the Philippines or to corporations or associations organized under the laws of the Philippines, at least sixty per centum of whose capital is owned by such citizens xxx."

In the case of Wilson P. Gamboa vs. Finance Secretary Margarito B. Teves, et al (G.R. No. 176579) (the "Gamboa Case"), the Supreme Court of the Republic of the Philippines (the "Supreme Court") rendered a decision on June 28, 2011 (the "June 28, 2011 Decision"), the dispositive portion of which is quoted in part as follows:

"WHEREFORE, we PARTLY GRANT the petition and rule that the term "capital" in Section 11, Article XII of the 1987 Constitution refers only to shares of stock entitled to vote in the election of directors, and thus in the present case only to common shares, and not to the total outstanding capital stock (common and non-voting preferred shares) xxx."

Motions for Reconsideration of the June 28, 2011 Decision were filed by several respondents in the Gamboa Case, which were denied with finality by the Supreme Court in a Resolution promulgated on October 9, 2012.

Subsequently, the Securities and Exchange Commission (SEC) issued SEC Memorandum Circular No. 8, Series of 2013 dated May 20, 2013 ("SEC MC No. 8") which sets forth the guidelines on compliance with the ownership requirements in the Constitution and/or existing laws by corporations engaged in nationalized or partly nationalized activities. SEC MC No. 8 provides in pertinent part, as follows:

"Section 1. This Circular shall apply to all corporations ("covered corporations") engaged in identified areas of activities or enterprises specifically reserved, wholly or partly, to Philippine Nationals by the Constitution, the FIA and other existing laws, amendments thereto and IRRs of said laws, except as may otherwise be provided therein.

Section 2. All covered corporations shall, at all times, observe the constitutional or statutory ownership requirement. For purposes of determining compliance therewith, the required percentage of Filipino ownership shall be applied to BOTH (a) the total number of outstanding shares of stock entitled to vote in the election of directors; AND (b) the total number of outstanding shares of stock, whether or not entitled to vote in the election of directors. x x x"

On June 10, 2013, Jose M. Roy III filed before the Supreme Court a Petition for Certiorari against the SEC, the SEC Chairman and PLDT claiming among others that SEC MC No. 8 violates the decision of the Supreme Court in the Gamboa Case. In a Decision dated November 22, 2016 (the "November 22, 2016 Decision"), the Supreme Court dismissed the petitions filed by Jose M. Roy III and other petitioners-in-intervention. The November 22, 2016 Decision upheld the validity of SEC MC No. 8 which requires public utility corporations to maintain at least 60% Filipino ownership in both its "total number of outstanding shares of stock entitled to vote in the election of directors" and its "total number of outstanding shares of stock, whether or not entitled to vote in the election of directors" and declared the same to be compliant with the Supreme Court's ruling in the Gamboa Case. Petitioner Jose M. Roy III filed a Motion for Reconsideration of the November 22, 2016 Decision, which was denied with finality by the Supreme Court on April 18, 2017.

Applying SEC MC NO. 8 to PLDT, the bases for calculation of the 40% foreign ownership restriction are: (a) PLDT's outstanding shares of voting stocks (common and voting preferred) which are all entitled to vote in the election of directors. For this purpose, the foreign ownership level of PLDT was 22.26% of the 366,055,775 total outstanding shares of voting common and preferred stocks as of December 31, 2021; and (b) PLDT's outstanding shares of stock whether or not entitled to vote in the election of directors. For this purpose, the foreign ownership level of PLDT was 12.24% of the 666,055,775 total outstanding common and preferred stocks as of December 31, 2021.
